

# London Bangladeshi Health Partnership (LBHP) Project

## Working towards health equity for London Bangladeshis

*Utilising the insights and experiences of LBHP members to:*

- ✓ *Foster strong engagement with communities and faith networks, deepening health system understanding of effective approaches to overcoming barriers to health services.*
- ✓ *Achieve effective outcomes, working in real-time in partnership with the health system to respond to emerging priorities.*
- ✓ *Utilising learning to inform future work, connecting with other health networks, supporting the NHS and relevant partners.*
